Huntsville IIC, 2850 Wall Triana Hwy, Huntsville AL. c/o Container Maintenance Corp.

4) What does major mechanical entail?

- a. Bearings
- b. Hubs
- c. Brake Drums
- d. Brake Shoes
- e. Wheel seals
- f. Axle spindles

5) Are electrical issues, shorts, and burnt lights covered?

This is not a major repair. The MC has to return the parts to be reimbursed and repairs have to be more than \$50

6) Are FMCSA' s covered?

No, unless the FMCSA expired while the MC had the unit out for an extended period of time. This will be determined on a case by case basis.

7) What about drop and pick accounts, where the chassis does not come back?

If original parts, including the tire is not returned with the unit, MC would have to ensure to advise MCCP when the unit is returned and where returned so verification of replacement parts/tire may be done.

As per the MCCP Over The Road Policy, Motor Carrier must submit invoice to MCCP within 45 days from date of repair or within 30 days of the OTR vendor's invoice date, whichever is greater. No invoice received by MCCP will be processed without copy of all supporting documents.

8) **What if the total for the tire costs more than \$350.00?**

Reimbursement will not exceed \$350.00 per tire.

9) **What if the Motor Carrier doesn't know at first that it is a major repair and has the unit repaired without the approval of MCCP?**

Then they have the option to complete the repairs to IICL standards and return the parts to MCCP for reimbursement. They have to provide the hours, rates, etc., on their invoice to MCCP. If the repairs are not to IICL standards, the MC will not be reimbursed and could be billed to bring the repair to IICL/industry standards.

10) **How do I know if a chassis is in the MCCP?**

Chassis that are part of the MCCP will generally be marked with 'MCCP' on the chassis. If you are not sure you can check the CCM Website

<https://www.chassismanagementsystem.com/CMSystemUnitInquiry/>

11) **Does the MCCP reimburse for "used tires"?**

When having a tire replaced over the road, please insist on a new OEM or a new recap. MCCP will not reimburse for the repair if a used tire is purchased.
