

CCM Offers Closest Chassis Depot Solution at Fairburn, GA

Dear Valued Customer,

We want to make sure you are aware of an upcoming operational change at **CSX Fairburn, GA** beginning **August 10, 2026**.

CSX has announced that its Fairburn facility will transition to a fully grounded operation and that all International Chassis will be moved off terminal. What this means is that:

- Drivers will be required to arrive and depart at the facility with a chassis
- Pre-mounted chassis will no longer be available for pickup
- Chassis will no longer be permitted to be dropped or stored on the terminal

As a result of this change, beginning August 10, 2026, CCM will no longer have an on-terminal chassis presence at CSX Fairburn. We recognize this is a significant shift from how this market has operated and we want to help make the transition as smooth as possible. Here is what you need to know going forward:

Chassis Availability: CCM chassis will continue to be available in the Atlanta region through our depot network. *CCM's closest facility to CSX Fairburn is roughly 0.5 miles from the CSX gate - right around the corner at:*
